MEN EXEMPTED AS FARMERS

Having in view the importance of leaving a sufficient number of men on those farms, which are actually contributing to the National Food Supply, notice is hereby given as follows:

1. ALL MEMBERS OF CLASS I POSSESSING EXEMPTION AS FARMERS which is expiring and WHO WISH TO REMAIN EXEMPT should communicate with the Registrars under the M.S.A., of their respective districts, REQUESTING AN EXTENSION IN TIME OF SUCH EXEMPTION. Questionnaires will thereupon be issued to these men by the Registrar and they will receive further exemption upon furnishing satisfactory proof that they are contributing sufficiently to the National Food Supply.

2. In order to facilitate productive employment during the Winter months, MEN EXEMPTED AS FARMERS SHOULD APPLY TO THE REGISTRARS FOR PERMITS TO ENGAGE FOR THE WINTER IN SOME OCCUPATION OF NATIONAL INTEREST, SUCH AS LUMBERING, MUNITION WORK, ETC. Such permits will serve to enable exempted farmers to pursue other useful occupations for the months during which farming operations cannot be carried on.

START MADE FOR A HOSPITAL.

LOCALETS

Everybody, Boost, Work, and Donate to the Lomond Hospital. At a meeting of the Lomond Board of Trade, held on Wednesday night, it was unanimously decided to begin at once to solicit donations for the building of a hospital in Lomond. To facilitate the work of raising the money the district contributory to Lomond is to be systematically canvassed by townships. The committee for each township will consist of one man from Lomond and one man from the township. These committee men are voluntarily giving their time and energy to this work, and they should be given a welcome reception at every home. It is very unnecessary to dilate on the necessity of a hospital in Lomond, and the Board of Trade asks that everyone donate as liberally as possible when called upon by the committee men.

Eddie Bowers is second in command at the Frank Brown Co. store.

Mrs. Holden is visiting in the city for a week or two.

The Rebekahs go to Vulcan at 5 o'clock Monday afternoon.

The new Travers Church will be opened on the 13th. and a chicken pie social will be held on the 16th.

Tom Anderson is holding an auction sale of his cattle and horses in the Lomond stock yards on Saturday next, Oct. 12. There are some fresh milch cows advertised in the lot.

A. Webster and family bid our fair town a fond farewell on Wednesday and moved over to Bassano to make their happy home.

The Red Cross Society is holding a public meeting in the hall to-night to arouse interest in the work and to draw the lucky number on the horse raffle that has been outstanding all summer. The meeting will be addressed by a number of the prominent citizens of the town.

Mrs. A. Parker wishes to thank the ladies from town for the beautiful flowers sent her during her illness.

Ned Olson has pulled in off the range and is passing the glad eye to his old pals.

Tom Vickers has returned to town after a long vacation spent at the coast.

Self-denial must take the form of money-saving—thrift.

Floyd Blake was taken violently ill with appendicitis while at the Milo dance a week ago to-night. Dr. Walkey, assisted by Dr. Stanley of High River, performed an operation on the afflicted lad on Tuesday night. Progress to date is as good as can be expected.

George Hoadley, M.L.A., was through town this week on the way to his horse ranch. Mr. Hoadley states that buyers of horses for export and canning purposes will be through the country soon. Get all your old scrubs rounded up and well polished.

E. Jones has closed his tailor shop and moved to Gleichen and is opening up in that town.

John Bowins of Toronto is here for a week with S. A. Trew at Badger Lake.

The first concert on the Lyceum circuit will come to Lomond on Friday evening, October 25th. The Ward-Waters company of entertainers are billed to provide the program. Get in touch with the committee provide yourself with seating accommodation.

A ladies' coat found near the Midway school awaits the owner at THE PRESS office.

Barney Neil is going out with the Bar U and Dick Neil with Hill Bros. in the fall round-up across the Bow River.

The Milo dance drew a good many from here last Friday night.

Lomond has been well represented in Calgary during the week. Among the stragglers being "Duke" Armstrong, L. M. Swain, Frank Brown, George Hough, Mr. and Mrs. Teskey, Editor and wife, John Donily, Lyle Plunkett, Clarence Crumm, and M. Somers.

The first of a series of dances will be held in the L.O.O.F. Hall on Friday evening of next week Oct. 11th. Dodgers are out giving full particulars.

The Eyremore circuit people are holding a reception to-day for Rev. and Mrs. Bird.

NOTES

War news is very encouraging this week. Bulgaria is out and Turkey is getting badly roasted. Austria is expected to capitulate at any time and it then would but remain to give the Kaiser his dessert.

o o o

The move for a hospital is a public enterprise worthy of the serious consideration of every resident in the area contributory to the town. While THE PRESS would prefer the organization to be made under the provisions of the New Hospital Act, notwithstanding all arguments to the contrary, we are broad-minded enough to bow to the will of the majority and to in no wise stand in the way of progress. The fact remains, the public needs the accommodation of a hospital.

o o o

The class of entertainment put on by the Lyceum circuit is

reputed to be of a high order. The local guarantors of the proposition are entitled to the full co-operation of the public. You will get good value for your money. Buy a ticket.

o o o

Vulcan, while it is reputed to have better water accommodation than we at Lomond, is now afflicted with a typhoid epidemic. People should exercise great caution around their premises and remove every known harbor of filth and flies. A hospital would be a fine thing, but we don't need to deliberately set to work to make business for one.

o o o

The military net is just about encircling the entire manhood resident in Canada and to those claiming the protection of the American flag will be found a notice of special import in this week's issue.

o o o

The government freight concessions is now making it possible for most people to winter over their stock. Hay is now possible to secure at around eighteen and twenty dollars per ton, which is very reasonable, considering circumstances.

Farmers Must Carry On!

This is their essential responsibility in the struggle for peace. Despite what we read of intensive cultivation in the Old World the Canadian and American farmers are the heaviest producers per man. It's the man aided by the most modern machinery that makes the record. A "Fordson" or "Samson" tractor will help you. Massey-Harris machinery cuts out the worry and a Ford car is indispensable to a farmer that means business.

Yachts and Merchant Ships Turned Into Hospitals.

The British navy is so nearly on a war footing at all times that the transition from peace to war was not marked by those violent dislocations and reorganizations involved in the formation and training of the army. Each warship was already provided with its complement of medical officers, hospital corps and medical and surgical supplies, while several large base hospitals were already in existence, with considerable reserve equipment. The principal change necessitated by the outbreak of war was the fitting out and manning of hospital ships and additional base hospitals. For this purpose a number of private yachts and merchantmen were taken over by the navy. Many surgeons were also taken into the navy and given temporary commissions.

During the last year of peace, we learn from Arthur W. May in The British Journal of Surgery for July, 1917, nearly 5,000 operations were performed in the naval hospitals on shore, exclusive of dental operations and injections of salvarsan. During the year 1916, 9,000 surgical operations were performed in the naval hospitals and hospital ships. Of this number over 800 were abdominal cases, including 627 cases of appendicitis and fifty-five of gastric or intestinal perforation. Operations for the relief of disabilities were numerous. Hernia was represented by 1,341 cases. Less common operations were mastoidectomy and operations on the nose and eye, on the kidneys, bladder and prostate, and on the liver, gall-bladder and gall ducts. Many cases of bone planting and wiring are recorded. Spinal analgesia has been employed on several occasions, and local analgesia is becoming more frequently used for rib resections, varicose veins, etc.

In the British service the newcomer is first assigned to hospital duty ashore, where he can learn much about navy customs and navy routine. He is then sent abroad in a large ship as an assistant and later transferred to a smaller ship, where his experience will have taught him how to act as the sole medical officer. Many advanced medical students have served as probationary surgeons, and as such have been placed in medical charge of scouts, destroyers and other small craft, with distinct advantage to the service, their work as a whole having proved most satisfactory. In the larger base hospitals research has been carried forward in spite of the war, and the practical value of the Carrel-Dakin treatment of wounds has been the subject of investigation by a special commission of experts.

TO every home there comes a time when every thought, every hope, every prayer for the future centres on the recovery of one loved one. In that hour of anguish, every means to recovery is sought—the highest medical skill, trained nurses, costly treatment. Does the price matter?

★ ★ ★ ★

It may be so great as to stagger the imagination—a sum beyond the possible.

But does anyone ask, “Can we do it?”

Money or no money, they do it. And somehow they pay.

It may mean doing without things they think they need. It may mean privations, sacrifices, hardships. They make unbelievable savings, they achieve the impossible, but they get the money to pay.

★ ★ ★ ★

To-day in this critical period of our nationhood, there is imperative need for MONEY—vast sums of money.

Only one way now remains to obtain it.

The nation must save, every community, every family, every individual Canadian must save.

If anyone says “I cannot save” let him consider to what extent he would pinch himself to relieve the sufferings of a loved one at home; and surely he would not pinch less for our fighting brothers in France.

Without suffering actual privations, nearly every family in Canada can reduce its standard of living, can practice reasonable thrift, can make cheerful sacrifice to enrich the life-blood of the nation.

You who read this, get out pencil and paper NOW. Set down the items of your living expense. Surely you will find some items there you can do without.

Determine to do without them.

Start TO-DAY. Save your money so that you may be in a position to lend it to your country in its time of need.

Every time you buy a thing you do need you interfere with Canada's war work. Every dollar you spend on things not strictly necessary is a dollar not merely wasted but used employ labor on things that have nothing to do with our efforts to win the war for freedom.

The measure of your love of freedom is your willingness to deny yourself so that the strength of the nation for war effort will be increased.

THE LLOYD GEORGE TYPE

The one thing we all admire in Lloyd-George is that we know where to find him. He acts definitely. He is no luke-warm weakling. He fights on like our splendid boys are doing despite the 25,000 casualties since August 6th.

Are you doing your part as well? Have you taken your stand on the thrift question? Have you definitely decided that out of your returns this year you will lay by such-and-such an amount for a Victory savings account?

If you have done nothing in the matter you are not of this Lloyd-George type. You have heard the call to bring your dollars into the service of the country when she calls. And having heard, you have not acted. Make the decisive move now. Start the fund at once!

Take This 15 to 25 Per Cent.

---it's what we saved you on our advanced buying. A year ago we anticipated the needs of this district and, knowing the markets as we do, we determined to save ourselves and our customers against the 25 to 35 per cent. increase on this year's goods.

Winter goods of real quality are about as plentiful as hens' teeth, and the prices have gone out of sight. But, in common with a very few other stores in this country, we have now got the goods at a fair price---and the goods we still stand back of.

Penman's Sweater Coats

Heather mixture, with military collars, cotton and wool in medium weight, a good garment to wear under a smock, all sizes, at \$2.75

Penman's Worsted Yarn Sweater

This is one of the best sweaters made by Penman's this year. The collars, cuffs and facings are pure wool, the body is 70 per cent. wool and the yarn twisted hard so as to give the wear. Extra value, bought on last year's market, all sizes, at \$5.50

Other lines of cotton an wool and wool mixtures, at from \$1.75 to \$5.00

Many lines of pure wool sweaters at from \$6.50 up.

Winter Underwear, our own brand

Heavy elastic ribbed, a good warm garment, very durable and unshrinkable, mostly wool, a little cotton, all sizes, per garment \$2.00

Heavy Cord Pants for Men

This is the only corduroy pant we have ever handled to any extent without having trouble. There are very few real good corduroys on the market and this one is the daddy of them all. We have yet to hear one complaint on this line and we have sold in Lomond 112 pairs inside a year. Price \$6.00

V.C. General Wounded Nine Times.

It is officially announced that Brig.-Gen. Adrian Carton de Wiart, V.C., D.S.O., whose name appeared in the casualty list only a fortnight ago, has again been wounded—for the ninth time since the war began. Shortly before the outbreak of war he lost the sight of an eye while serving with the Camel Corps in Somaliland. He lost his left hand in the early fighting at Ypres, and was again wounded in July, 1916, when he gained the V.C. for rallying three battalions which had lost their commanding officers. He went back to the front two months later with five gold stripes on his sleeve, and since then his name has appeared in the casualty list on four occasions. He served in the South African war as a trooper of the Middlesex Yeomanry, was wounded three times, and gain his commission in the Dragoon Guards. Gen. Carton de Wiart is only thirty-four years of age.

On Mission to U. S.

Lieut. Jack Austin, of Toronto, has gone to Washington to give the United States War Department the benefit of his experience as gas defence officer with the 1st Brigade. He is one of a number detailed to afford the American authorities information regarding different phases of the operations on the western front. Lieut. Austin enlisted as a private in the 3rd (Toronto) Battalion after war was declared, and went overseas with the first Canadian contingent. He has been continuously at the front since the 3rd Battalion arrived on the Continent, and received his commission while on active service.
